

For Good Friday

IS IT REALLY ONLY A WEEK.....

Is it really only a week since we cheered? Oh how we cheered. We waved and shouted, ran ahead, smiling, laughing, cheering. THIS was our moment! The Romans couldn't touch us. Couldn't identify us. The Pharisees and the chief priests couldn't identify us either. There were so many of us. And we CHEERED! Hosanna! Blessed is he! Blessed is the coming kingdom! Hosanna to the Son of David! We cheered.

It isn't even a week is it? Just days. Now we could be marked men and women. Now we could be identified and picked off. No cheering now. We jeered. Not one of us, not really. Barabbas will do for us now. So we jeered and shouted and demanded.

Not even a week.....
