

Green bean and pea salad

300g fresh or frozen green beans

300g frozen garden peas

Salt

Pepper

½ tsp dried dill

1 heaped teaspoon whole grain mustard

2 tsp capers, finely chopped

1tsp garlic granules

1tbs white wine vinegar

2 tbs Mayonnaise

Cook the beans and peas, then drain and fill the pan with cold water and leave to cool.

In a large bowl place all the other ingredients and mix well. When the vegetables are cool, drain well and add to the dressing, mix and serve.

Really nice with cold meats or salmon.
